CAMP UPDATES

Laurelville Retreat Center, Mount Pleasant, PA, www.laurelville.org
As the summer scramble slows, the Laurelville maintenance building begins. THANK YOU fellow MCA Camps for your support and prayers!

Little Eden, Onekama, MI, www.littleeden.org
Summertime highlight: The last evening of our high school camp was a night that we as directors and long-time counselors had never experienced before. During our worship time, the campers began forming small clusters and praying together. The clusters then all joined together as one praying and worshipping without the leading of counselors. One of our campers became overwhelmed facing the fact of leaving this safe group of peers as camp was ending the next day. As this camper began to grieve, the group encircled this person and proceeded to pray boldly over them. Truly a powerful and beautiful moment that will not only stay in the hearts of the campers, but the hearts of the counselors and directors too.
